

RENEWABLE ENERGY CERTIFICATE

Certificate No. 2018-1077

We hereby confirm Sanovo Eiprodukte GmbH & Co. KG
Frankenbosteler Kamp 4 in 27404 Zeven

the purchase of 100 % green electricity from hydropower plants with modern environmental standards from 01.12.2019 till 31.12.2019.

Energy is generated in sustainable hydropower facilities that meet modern environmental standards and are connected to the European grid. The green power certificates of origin correspond to the criteria ÖKOSTROM of KlimalInvest Green Concepts GmbH.

With the redemption of the guarantees of origin amounting to 2.800.000 kWh it is granted that in the period above-named the electricity had been produced 100 % climate neutral by renewable energy installations. At least 1.226 tonnes of CO₂ will be avoided.

The redemption in accordance with § 17 of the guarantees of origin act is carried out and confirmed by the registry of the federal environmental agency.
